SILVAPLANA

Silvaplana is a young, lively and innovative holiday paradise, idyllically located in the Engadin lake plateau, surrounded by pristine nature.

Silvaplana is one of the few places in Switzerland that is known for both winter and water sports. At 1'815 meters, the Upper Engadine village combines water, wind and mountains.

Until spring, snowboarders and skiers find ideal conditions on Corvatsch. Further down - on the frozen Lake Silvaplana - enthusiastic snowkiters, cross-country skiers and hikers can be found.

In summer, Lake Silvaplana is known as the wind and kite surfing mecca of Switzerland. The Upper Engadine mountains combined with the colorful kites and sails form an impressive scenery.
